

Adult Forum Schedule

September – October

Sunday | 9:15 AM | French Fireside Room

Living in God as Trinity, encircling the Episcopal tradition revealed as an ever-unfolding flag drawing us forward, open to a growing understanding of our place within all creation, and experienced on the welcoming, exploring path within Trinity Church congregation.

Sunday, September 8th

While school backpacks seem a kid's thing, all of us have places to go and things to do during the week. Today's opening session of the Adult Forum will be a chance for long-time members and newer ones to share about their own weekly ventures.

Sunday, September 15th

Trinity has a backpack, so to speak, filled with events which occur during the week and on Sunday. All of them happen because members have tucked some of their skills and time into Trinity's backpack. The Forum today is an opportunity to hear from other members about Trinity's ministries and why they serve in them.

Sunday, September 22nd

Belonging to a particular Christian tradition and community means many different things. Come this Sunday to hear 7 members - three clergy and four lay members - talk about why they call the Episcopal tradition and Trinity Church "home".

Sunday, September 29th

People hold various images and names for God. At Trinity, such variety is respected, appreciated and enriches the community. Using random pictures, groups of 3 will explore how they might be arranged into a visual image of God as the Trinity.

Sunday, October 6th

Because God as Trinity can only be a mysterious, mental concept, today's session is a chance to find ways to bring this theology into our understanding and lives.

Sunday, October 13th

"Serving Others Sunday (SOS) is an intergenerational gathering in Chamberlain Hall to assemble meaningful and practical gifts for the wider community. All ages will begin in the Fireside Room to briefly link tasks with spiritual expressions of compassion and independence.

Sunday, October 20th

Much of current thinking in the field of science points to the cosmos as one web of life, understanding all creation to live and move in one "home". We will discuss this theory and possible personally and corporate ramifications.
